Mid-America Fully Funded Self Insured HSA Plans. The Simple, Easy Solution to your benefit needs.

A Health Savings Account (HSA) is a tax-advantaged savings account that is used in conjunction with a Mid-America High Deductible Fully-Funded Health Plan (HDHP).

Since the beginning, HSAs have been the fastest growing choice for employee benefits. Why? Because HSAs save money while providing tax advantages for employees. Besides helping your business reduce health care expenses, HSAs add depth to your employee benefits with a consumer driven healthcare account solution.

Offering a HSA is a Win-Win Opportunity

HSAs Offer:*

- ✓ Tax Free Deduction on Contributions
- ✓ Tax Free Withdrawals for Qualified Expenses
- ✓ Tax Free Growth on Invested Funds

With a HSA, both you and your employees are able to make tax-free payroll contributions to the HSA to help employees pay for eligible out-of-pocket medical expenses. Since pre-tax dollars are used, your employees increase their take-home pay and have more control over their healthcare.

*The HSA account is established separately and is not included with the medical plan selected.
